## ABOUT ME

I am a 17 year old highschooler who attends NSHS. I am a middle child and I have always been exposed to hard work. I have dogs and many farm-animals of which are my responsibility. I have an amazing work ethic and don't mind getting my hands dirty.

## WORK EXPERIENCE

### R.M.V. Eclectic

- **2020-Present**
- I have worked with my Dad in his construction company, where I contributed to electrical work, roofing, landscaping, concrete installation, and other trades.
- This experience has helped me develop a strong work ethic and versatility in practical skills.

### My free time

- I channel my creativity into welding and woodworking projects, further expanding my problem-solving abilities and attention to detail.
- I have volunteered in several community-oriented roles, including assisting at food banks, setting up for events, and helping with school prep and clean-up. These experiences have taught me how to interact with diverse groups of people in a professional manner and effectively manage tasks in a team environment.

### At home

- I am responsible for the daily care and well-being of several farm animals, which has strengthened my sense of responsibility, time management, and commitment.

### For your company

I am confident that my practical skills, volunteer experience, and ability to work well with others will make me a valuable asset to any team.
